About me

I am a motivated full-stack web developer with a background in computer science and a passion for creating appealing and user-friendly websites. I possess expertise in HTML, CSS, JavaScript, and React. I have an eye for design and a keen attention to detail. With seven years of experience in accounting, I bring a blend of domain knowledge and analytical thinking into my development projects. Additionally, I have completed a bootcamp course to qualify as a full-stack web developer.
